

1,200mm IP65 Rated Batten LED Lamp

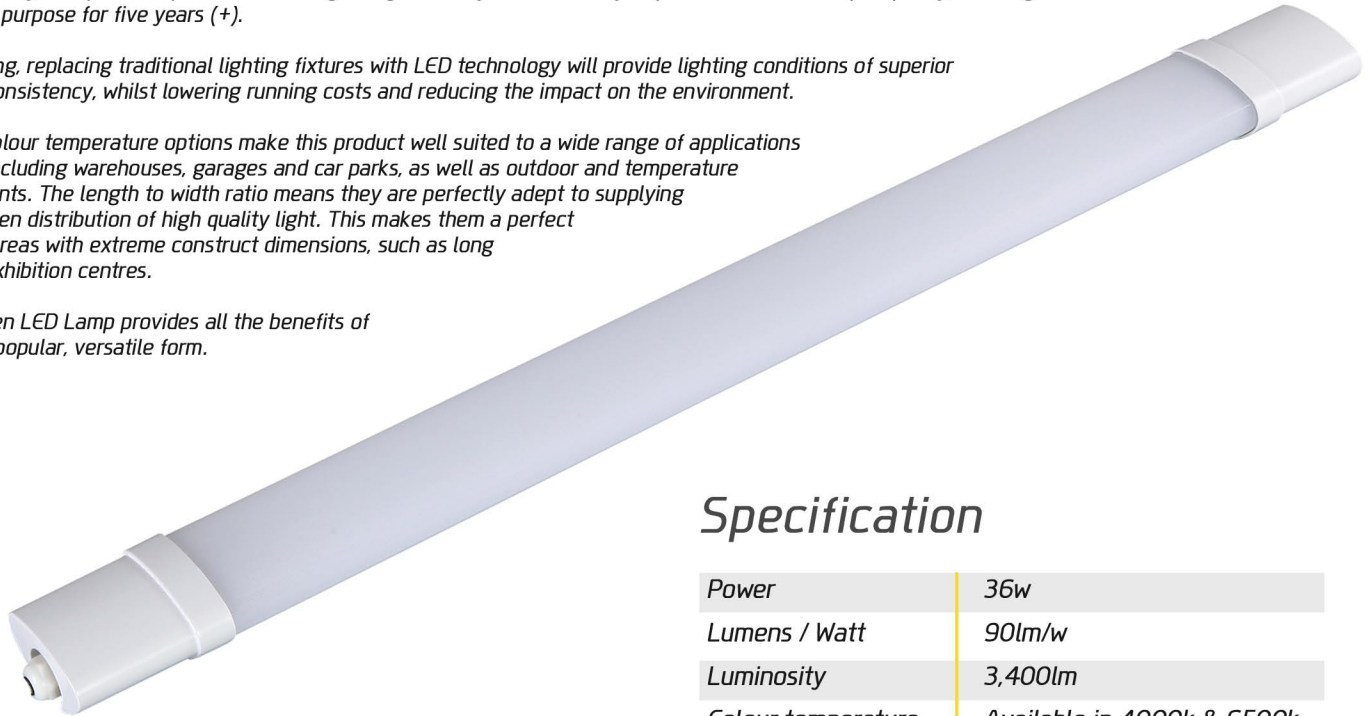

Our 600mm IP65 Rated LED Batten Lamp serves as an energy efficient, high performance replacement for traditional Tri-Proof lighting fixtures.

Waterproof, dust-proof and non-corrosive, they are robust and resilient, making them the perfect choice for a wide range of applications in various conditions. This durability also provides peace of mind regarding reliability and continuity of performance and output quality, allowing us to guarantee fitness for purpose for five years (+).

As with all LED lighting, replacing traditional lighting fixtures with LED technology will provide lighting conditions of superior quality and greater consistency, whilst lowering running costs and reducing the impact on the environment.

4000k and 6000k colour temperature options make this product well suited to a wide range of applications in various domains, including warehouses, garages and car parks, as well as outdoor and temperature controlled environments. The length to width ratio means they are perfectly adept to supplying vast areas with an even distribution of high quality light. This makes them a perfect lighting solution for areas with extreme construct dimensions, such as long corridors, halls and exhibition centres.

The IP65 Rated Batten LED Lamp provides all the benefits of LED technology in a popular, versatile form.

Specification

Power	36w
Lumens / Watt	90lm/w
Luminosity	3,400lm
Colour temperature	Available in 4000k & 6500k
Length	1,200mm
IP Rating	65
UGR	<18
Standard Driver	Internal LED Driver
Dimmable Upgrade	Yes
Units per box	20 or 1
Warranty	5 Years

Versatile in application

Robust, high quality build

Waterproof & dust-proof

18w output - 90lm / w
